RUSSIANS OFFENSIVE AGAINST BULGARIANS

The Russians in Large Numbers Have Passed Through Rumania and Have Begun a Strong Offensive Against Bulgaria—A Great Battle Is Reported Already Begun—The Bulgarian-German Forces Have Taken Two Important Sea Ports—A British Aeroplane Was Shot Down Near Brussels—British and French Make Small Gains on Western Front.

London, Sept. 8.—The British troops last night raided the German trenches southeast of Ghinchy, inflicting severe losses, says the British official statement.

The Rumanian troops have occupied Orsovo, an important Hungarian town on the Danube, according to a Bucharest dispatch to the London Times, and Vienna also reported Wednesday that Orsovo had been occupied by the Rumanians.

A British aeroplane was brought down in a raid over Saint Denis, in Belgium, thirty miles southeast of Brussels, the London official statement says.

The beginning of a great battle in Southeastern Rumania is on, where the Russians are taking the offensive against the Bulgarians, it is reported in a dispatch to the Wireless Press.

Renewed and particularly violent attacks were made by the Germans on the Somme front last night in an effort to regain the ground won by the French, but the French are holding the ground everywhere, according to the Paris statement.

Violent artillery fighting is in progress on the Macedonian front in the region of Mount Beles and Lake Doiran, another French statement says.

An undated Bulgarian statement says the Bulgarian-German forces captured Dobric and the seaports of Baltjik, Kavarna and Kali Akra, in Eastern Rumania.

HOLLAND'S QUEEN A BRAVE SAILOR

Amsterdam, Sept. 8.—Queen Wilhelmina of Holland was present at the naval maneuvers yesterday aboard a submarine which dived twice while her majesty was passing.

NEW YORK STREET CARS ARE RUNNING

Subway and Elevated Nearly Normal. Surface Cars Tied Up—But Little Violence.

New York, Sept. 8.—Both subway and elevated trains are running with nearly normal schedules, according to traction officials, and the strike on the Inter-Borough lines seemed to effect the surface lines only which have been tied up since the strike was declared Wednesday. A number of elevated trains were attacked, but nothing resembling mob disorder. Sympathizers on the roofs of tenement houses bombarded the trains with bottles and bricks and once with pistols.

WOMEN VOTED DOWN RESOLUTION

For Second Time Refused to Resolve on Present Presidential Campaign.

Atlantic City, N. J., Sept. 8.—The National American Women Suffrage convention defeated by an overwhelming vote a resolution that the association in the present national campaign could support only those candidates who will pledge their support to the Susan B. Anthony amendment to the federal constitution.

YOU CAN PHONE US

any order for groceries at any time and we'll see to it that you get what you order, at the best prices, and delivered with extreme celerity. We have undoubtedly the choicest line of canned goods including pickles and preserves that canning and preserving factories produce. Have you tried any?

COTTON EXPERTS TOURING COUNTY

As was announced in The Eagle the early part of the week, County Agent C. L. Beason is accompanying A. D. Hudson, assistant cotton marketing agent, and H. M. Elliott, a rural economics agent from Washington, over the county, giving lectures and instructions to the farmers so that they will have a better knowledge of the advantages to be derived from the proper care, grading and marketing of the cotton they are raising. This work is being done in line with the work of the government cotton classifier, Mr. Botto, who is stationed in this city by the government.

Mr. Elliott, the rural economics man, is delivering an interesting lecture to the farmers, telling them of the many advantages of farm life and explaining to them many features they had never heard of before.

County Agent Beason reported this morning that much interest and enthusiasm was being shown all over the county and that large crowds had been present at every meeting held. Many questions have been asked at each meeting and Mr. Beason says this is what they like. It shows the people of the rural districts are becoming interested and appreciate the efforts being made in their behalf. In a general way, Mr. Beason says, the visit of these gentlemen here has been worth much to the farmers of the county.

WILL INVESTIGATE FOREIGN LOBBY

Washington, Sept. 8.—A resolution by Senator Curtis, directing the Senate lobby committee to investigate the activities of an alleged foreign lobby, opposing the retaliatory provisions of the revenue bill against the Canadian fisheries, was adopted.

NIGHT TELEGRAPH SERVICE SECURED

Through the Efforts of Commercial Secretary Western Union Will Be Open at Night.

On August 3rd Secretary McElroy of the Commercial Association took up with Mr. H. F. James, manager of the Western Union Telegraph Company at Bryan, the matter of having night telegraph service for Bryan. Mr. McElroy also took the matter up with General Manager English at Dallas and fully explained the local situation, showing that the Commercial Association appreciated very much the efficient service that was being rendered by Local Manager James, but asked for another operator in order that night service might be given.

Today Secretary McElroy received a letter from Mr. English advising that Bryan would be supplied with another operator, and from Mr. James a letter explaining the new arrangement, which is that within the next few days—probably effective on Monday—Mr. Harry A. Meyer of Elk City, Okla., will begin work here and that the uptown office will remain open continuously from 8 a. m. to 10 p. m., and that after 10 p. m. and before 8 a. m. death or sick messages will be handled with the best attention possible if carried to the tower. It is thought this arrangement will serve the present needs of Bryan, as the uptown office will be open until 10 p. m., after which urgent messages may be sent to the tower.

It is a matter not commonly known that the night service given Bryan prior to the opening of the uptown office was through the kindness of the railroad operators and not the regular Western Union operators.

The citizens of Bryan will appreciate, no doubt, the service the Commercial Association has rendered them in getting this additional service.

SAYS THREAT TO KILL NONSENSE

Gov. Hiram Johnson of California Says Such Threats No Longer Bother Him.

Sacramento, Cal., Sept. 8.—Governor Hiram Johnson characterized as "nonsense" a threat made in letters to kill him if he did not leave a large sum of money in a designated place near the state capitol. A man lurking near the appointed time for depositing the money denies all knowledge of the conspiracy. I have been threatened so many times since I have been governor, that sort of thing no longer bothers me, said the governor.

GRAND JURY MADE REPORT.

The grand jury for the fall term, which is now in session, reported this afternoon for the first time since they started their deliberations the first of the week. This body returned six true bills, as follows:

Jack Childs, colored, murder and assault with intent to murder. It is alleged that Childs killed his wife and tried to kill his father-in-law several weeks ago.

Albert Rim, colored, two cases of burglary.

The other two cases were for assault with intent to rape and assault with intent to murder. Neither of these two parties has been arrested and their names are withheld from publication.

The grand jury recessed until Monday morning at 9 o'clock.

"Did your brother have much success in his last season shooting?" "Bagged every guide he took out till he couldn't hire any more."—Baltimore American.

A portable vacuum cleaner of English invention can be used as a seat table, cabinet, music stool or pedestal.

A FILM TO PRO- MOTE IMMIGRATION

Agricultural Commissioner Is Co-Operating With Company in Big Production of Film.

(By Associated Press.)

Austin, Texas, Sept. 8.—Plans have just been completed to make 50,000 feet of film showing agricultural, commercial and historical Texas. This film will be displayed to 30,000,000 people throughout the United States for a period of 190 nights, free. The idea is to promote immigration. At the present time Texas has 15 people to the square mile, Illinois 101, and New York 117.

Commissioner of Agriculture Fred W. Davis and other state officials are co-operating with the Paragon Feature Film Company, Inc., to do this work. "Texas As It Is Today" will be the title of the picture. The state capitol, educational and eleemosynary and other institutions will be shown; also the various commercial and industrial projects, including farm scenes.

CONGRESS HAS AD- JOURNED SINE DIE

Broke All Records in Appropriations, Totalling Nearly Two Billion Dollars.

Washington, Sept. 8.—Congress adjourned sine die at 10 o'clock this morning, concluding a record breaking session which appropriated nearly two billion dollars.

Republicans and Democrats, in their present Maine drive, have adopted the 2 to 1 ratio which the war in Europe has established—two campaign orators to every voter.—New York Evening Post.

HOUSTON NEGRO GETS DEATH PENALTY

Houston, Texas, Sept. 8.—Houston Sharp, a negro, was given the death penalty for killing J. A. Cain, a police officer.

To please will always be the wish of benevolence, to be admired the constant aim of ambition.—Dr. Johnson.

ON TRIAL FOR KILLING PREACHER

Trial of Mrs. Annie Foust for Killing Rev. Cagle Now in Progress at Sherman.

(By Associated Press.)

Sherman, Texas, Sept. 8.—The case of Mrs. Annie Foust, charged with killing Rev. S. M. Cagle last February, is dragging along slowly. Fins Foust, husband of the defendant, testified about telling his wife that reports were being circulated about her and Rev. Seagraves, another Baptist minister, by Rev. Cagle. He was followed on the stand by the defendant, who told of spending the night in Gainesville when the train to Pauls Valley was late. Rev. Seagraves secured a room for her at a rooming house, but she never saw him again, she testified in response to questions by the defense's attorney.

Mosquitoes are getting so big now that we shall soon have to change from insect powder to gunpowder.—Charleston News and Courier.
